

# SILO & HOPPER CLEANING SERVICES

POWERNET - GIRONET

INNOVATIVE PROCESSES FOR BULK HANDLING

**STANAM  
INDUSTRIES**  
STANDARD INDUSTRIE International group

## OUR SOLUTIONS

Efficient equipment for complete and fast cleaning of your storage units in complete safety.

Thanks to our know-how in the field of clogging, we offer suitable solutions to enable you to solve your ratholing and bridging problems.

By cleaning your silos and hoppers, you will regain all of your storage capacity in complete safety.

## CONTROL SHAPE

- **Total safety:**  
No human presence inside the silos and hoppers  
Our teams comply with safety standards
- **Performance:**  
Intervention above or under & on all types of materials/rapid & efficient intervention
- **Savings:**  
Production continues while intervention / 100% storage capacity regained / no material loss
- **Environment:**  
Dry holing (no additives / pollution-free)
